

Going the Extra Mile to Bring You a Better Life.

Heart & Vascular Screenings

Ultrasound Heart Screenings, \$75: 8-2PM

- Examines the heart as it pumps blood through your body to detect narrowing or blocked arteries.
- This screening also examines the valves in your heart to ensure they are working properly.

Vascular Screenings, \$95: 8-2PM

(A value of \$2000)

- Carotid Artery screening identifies plaque build-up.
- Abdominal Aortic Aneurysm screening examines the abdominal aorta for abnormal enlargement.
- Ankle Brachial Index screening detects arterial disease in your legs.
